OK, let's keep it simple. We don't want to fog your brain with too much purple prose and flowery adjectives about our schools and camps.

Trinity UK Education has now changed its name to Trinity International Education (TIE or Trinity IntEd depending on your concentration span). We have gone from primary to more pastel colours and a logo representing communication.

We specialise in young learner courses – that's it. Nothing else to distract us from making sure your clients become our students, and are then sent back safe, sound, enlightened, engaged and already looking forward to their next TIE experience.

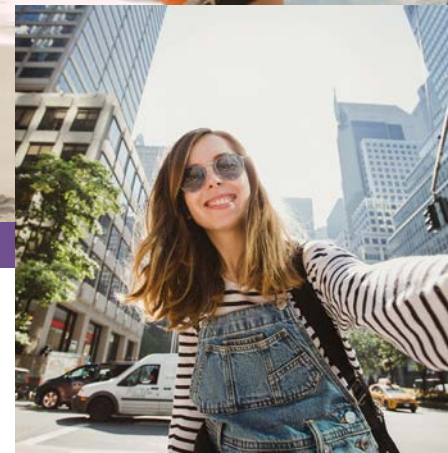

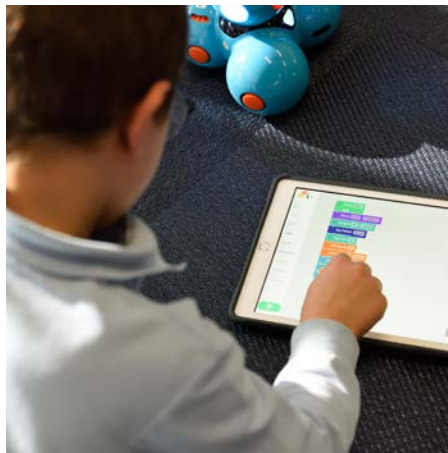

Our programmes are as rich in content as we dare make them without going bust! Our message is **creating experiences, changing lives...**and that is what we intend to do.

Read on for some more information about what your clients could do in 2023.

Programmes

Not everyone is looking for the same thing to do in the summer, so we hope that our mix of courses will have something for everyone.

Seaside English

We want to make the most of these locations being close to the sea, concentrating on some beach activity when lessons have finished.

Boca Raton, USA

Ramsgate, UK

Lido di Spina, Italy

Digital English

A great opportunity to learn some skills for the future while enjoying an English summer school. We offer coding on the Raspberry Pi...apparently it's a computer and not a traditional English dessert. Or maybe students want to be the next Martin Scorsese, and learn how to shoot video properly.

Berkhamsted, UK

English & Tennis

English lessons from our qualified staff and tennis lessons from the coaches at Delgado Tennis make this the perfect course for the budding Nadals out there. You will also get to visit the home of tennis, Wimbledon

Winchester, UK

City English

Whoever visits these cities wants to see everything that makes them world famous...and we do that! Our programmes are rich in content, with trips to the most famous attractions. Students have all day lessons, followed by all day excursions to make the most of their time, and save valuable hours on trains or coaches.

London, UK

New York, USA

Nature and Mountain English

Set in the Italian Alps, home to the 2006 winter Olympics, this location offers students fabulous views and plenty of fresh mountain air, while being guided on various walks.

Sestriere, Italy

Mini groups/Out of season

How long do you want to stay? What do you want to do? Your choice...we will tailor these courses to your requirements.

Ramsgate, UK
Winchester, UK

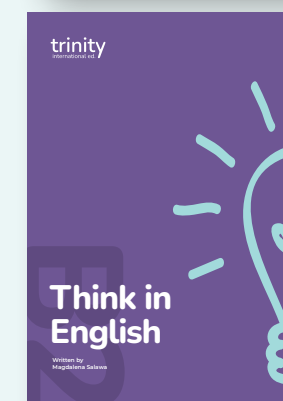

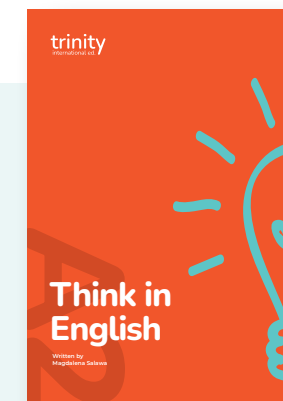

1 Placement

Students take a short online English placement test in advance – no cheating please – so we can get them into class as soon as possible.

2 Lessons

Students will engage in a variety of tasks and learning activities in class, while they will also have the chance to put these skills and new-found knowledge to good practice in the final hour of their lessons by working on projects. These range from American history and culture to learning about excursion destinations.

TIE has produced its own coursebooks, specifically aimed at our students, touching on subjects that will interest and engage them for two (or more) weeks.

English course

We want to keep it simple: 15 hours per week, with enthusiastic, qualified teachers, getting students to speak more in two weeks than they did in the previous fifty-two.

3 Teaching

As English is a global language, with many different accents to get to grips with, each class will have two teachers during their stay. It's a great way for students to get to know more teachers and experience the different ways English is used.

4 Graduation

At our graduation ceremony, students get their certificate of attendance, with their current English level, as well as an individually written - ok, typed - report from their teacher.

The UK has probably the highest standards and regulations when it comes to safeguarding (that's what we call looking after children) and public Health and Safety. We embrace those standards in all our schools and camps.

Care & attention

Parents take a calculated risk when they send their precious kids abroad. It is our absolute duty to look after them and deliver them back, as we found them, but more engaged, happier and satisfied with their time at TIE.

- ✓ Staff are checked and trained
- ✓ Locations are assessed for their safety
- ✓ Excursions and activities are evaluated to make sure they are safe

I made lots of friends of all different ages and participated in all kind of activities.

- Claudia H.B.

Getting here and back

Don't worry, we will collect students when they arrive and check them in when they leave. Airport transfers are included for groups for most airports. Individuals may have to pay a supplement.

Insurance

Fingers crossed, everything will be just fine...but, on the rare occasion that something does go wrong, our trusted insurance partner will help you and get you on your feet, get you home or replace your possessions, all included in the price*

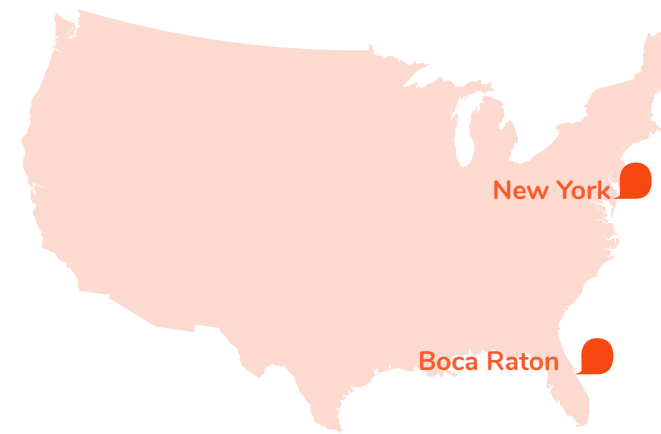

* not included for students who travel within the same country e.g. Italians attending an Italian English Camp

USA

Find someone who doesn't want to visit New York...difficult, eh? Probably the most complete excursion programme in the industry, and all done in 14 days. Remember to bring comfortable shoes and your phone/camera...you will get to see everything that you want to see, plus one or two things you didn't know about.

Boca Raton, a relatively unknown jewel in South Florida, is less than two hours north of Miami, and around three hours from Mickey Mouse, his friends and all the other theme parks in Orlando.

Locations

UK

From the northern powerhouse city of Manchester, to the serene coastal town of Ramsgate, or the historic capital of England to the current one: London, TIE can offer a variety of attractive locations that will appeal to everyone whether you want a fun day at the beach, or a view of London from 135 metres in the air, TIE can offer all this.

Italy

Two very different locations to come and study English in Italy: the seaside resort at Lido di Spina is less than two hours from Venice – a “must-see”!

Or grab a breath of the freshest mountain air, enjoy the superb mountain views and a full day trip to Turin, the home of the Italian motor car industry, with a choice of museums to visit, at the Olympic village in Sestriere – walk in the same steps as winter Olympians.

- Camden Town

Optional Extras

- Harry Potter Studio Tour
- Oxford
- Brighton
- Thorpe Park

* City English Premium only.

Ramsgate

St. Lawrence College is a private school founded in 1879. It is located in Ramsgate, on the east coast of Kent – the Garden of England – and it is 40 minutes from Canterbury and 80 minutes from London.

Ramsgate is a seaside town home to the only Royal Harbour in the UK, very well known for its sandy beaches and coastal walks. It has been home to several artists and writers such as Charles Dickens and Vincent Van Gogh.

Winchester

St Swithun's is a private, independent girls' school, with a reputation for high academic achievement, founded in 1884 and named after the English Bishop of Winchester and his now famous weather lore proverb.

The school is located in the ancient capital of Winchester, 30 minutes from Stonehenge, an hour from London, the south coast and many other destinations of interest.

Boca Raton

Lynn University, an independent college founded in 1962, with very modern facilities, on 123 landscaped acres with seven fresh-water lakes, located around 90 minutes north of Miami.

Ideally situated for both Miami and Orlando, our programme offers everything that is worth seeing and doing in South Florida.

What you'll see

- Orlando Theme Parks (Walt Disney or Universal)*
- Miami: Downtown & Miami Beach
- Everglades & Alligators
- Sawgrass Mills Outlet Mall
- Various South Florida Beaches

Optional Extras

- MLB Baseball Game
- Miami by Limo

* Seaside English Premium only.

New York

The University is a private, independent institution founded in 1841 with a new renovated cafeteria and extensive grounds.

Situated on 83 beautifully landscaped acres, within walking distance of the New York Botanical Gardens and the extensive New York subway system, the campus is perfectly placed for trips to see all the main sights in Manhattan.

Sestriere

TIE Sestriere summer school is based at TH Sestriere – Villaggio Olimpico, a modern complex originally built for the athletes of the 2006 Winter Games and situated in the Alps.

One of our most popular English in Italy camps, Sestriere is a famous ski resort during the winter, but the summer months do not disappoint – the nature on show is staggering and is a must for those who love the outdoors.
