OK, let's keep it simple. We don't want to fog your brain with too much purple prose and flowery adjectives about our schools and camps.

Trinity UK Education has now changed its name to Trinity International Education (TIE or Trinity IntEd depending on your concentration span). We have gone from primary to more pastel colours and a logo representing communication.

We specialise in young learner courses – that's it. Nothing else to distract us from making sure your clients become our students, and are then sent back safe, sound, enlightened, engaged and already looking forward to their next TIE experience.

Our programmes are as rich in content as we dare make them without going bust!
Our message is **creating experiences**, **changing lives**...and that is what we intend to do.

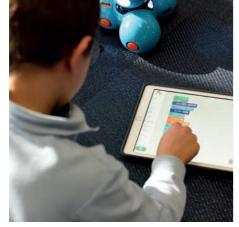

Read on for some more information about what your clients could do in 2023.

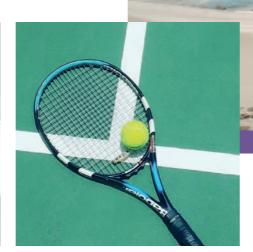

# Programmes

Not everyone is looking for the same thing to do in the summer, so we hope that our mix of courses will have something for everyone.

# Seaside English

We want to make the most of these locations learn some skills for the being close to the sea, concentrating on some beach activity when lessons have finished.

A great opportunity to learn some skills for the future while enjoying at English summer school We offer coding on the Raspberry Pi...apparent

Boca Raton, USA

Ramsgate, UK

Lido di Spina, Italy

# Digital English

A great opportunity to learn some skills for the future while enjoying an English summer school. We offer coding on the Raspberry Pi...apparently it's a computer and not a traditional English dessert. Or maybe students want to be the next Martin Scorsese, and learn how to shoot video properly.

Berkhamsted, UK

# English & Tennis

English lessons from our qualified staff and tennis lessons from the coaches at Delgado Tennis make this the perfect course for the budding Nadals out there. You will also get to visit the home of tennis, Wimbledon

Winchester, UK

# City English Nature and

Whoever visits these cities wants to see everything that makes them world famous...and we do that! Our programmes are rich in content, with trips to the most famous attractions. Students have all day lessons, followed by all day excursions to make the most of their time, and save valuable hours on trains or coaches.

London, UK

Manchester, UK

New York, USA

# Nature and Mountain English

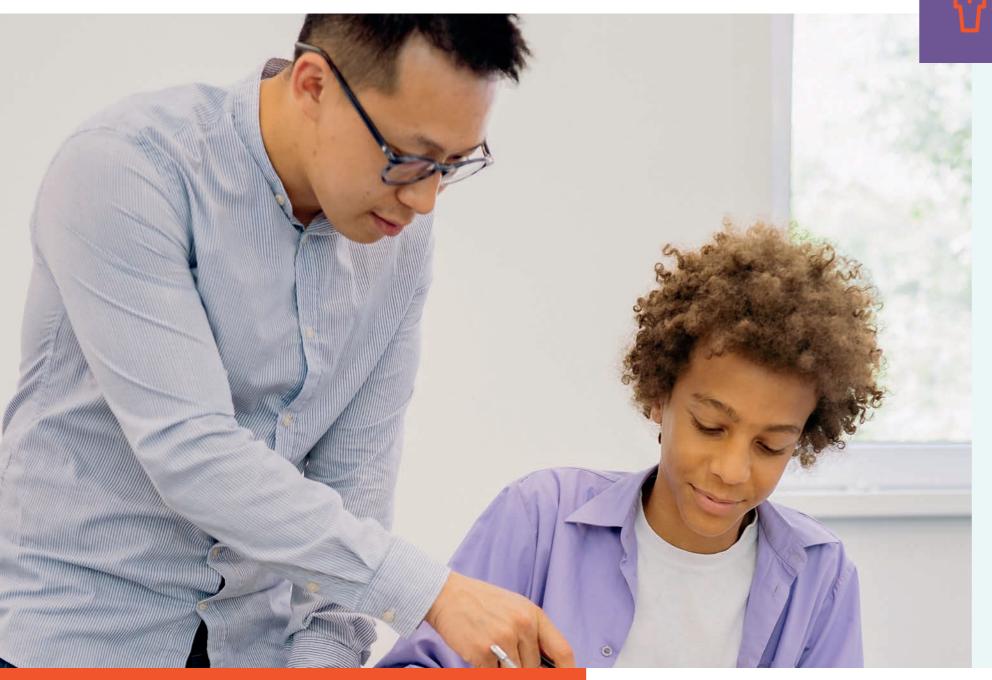

Set in the Italian Alps, home to the 2006 winter Olympics, this location offers students fabulous views and plenty of fresh mountain air, while being guided on various walks.

Sestriere, Italy

# Mini groups/Out of season

How long do you want to stay? What do you want to do? Your choice...we will tailor these courses to your requirements.

Ramsgate, UK Winchester, UK

Students take a short online English placement test in advance – no cheating please – so we can get them into class as soon as possible.

## 2<del>年</del> Lessons

in a variety of tasks and learning activities in class, while they will also have the chance to put these skills and new-found knowledge to good practice in the final hour of their lessons by working on projects. These range from American history and culture to learning about excursion destinations.

TIE has produced its own coursebooks, specifically aimed at our students, touching on subjects that will interest and engage them for two (or more) weeks.

# English course

We want to keep it simple: 15 hours per week, with enthusiastic, qualified teachers, getting students to speak more in two weeks than they did in the previous fifty-two.

English is used.

As English is a global language, with many different accents to get to grips with, each class will have two teachers during their stay. It's a great way for students to get to know more teachers and experience the different ways

## Graduation

At our graduation ceremony, students get their certificate of attendance, with their current English level, as well as an individually written - ok, typed - report from their teacher.

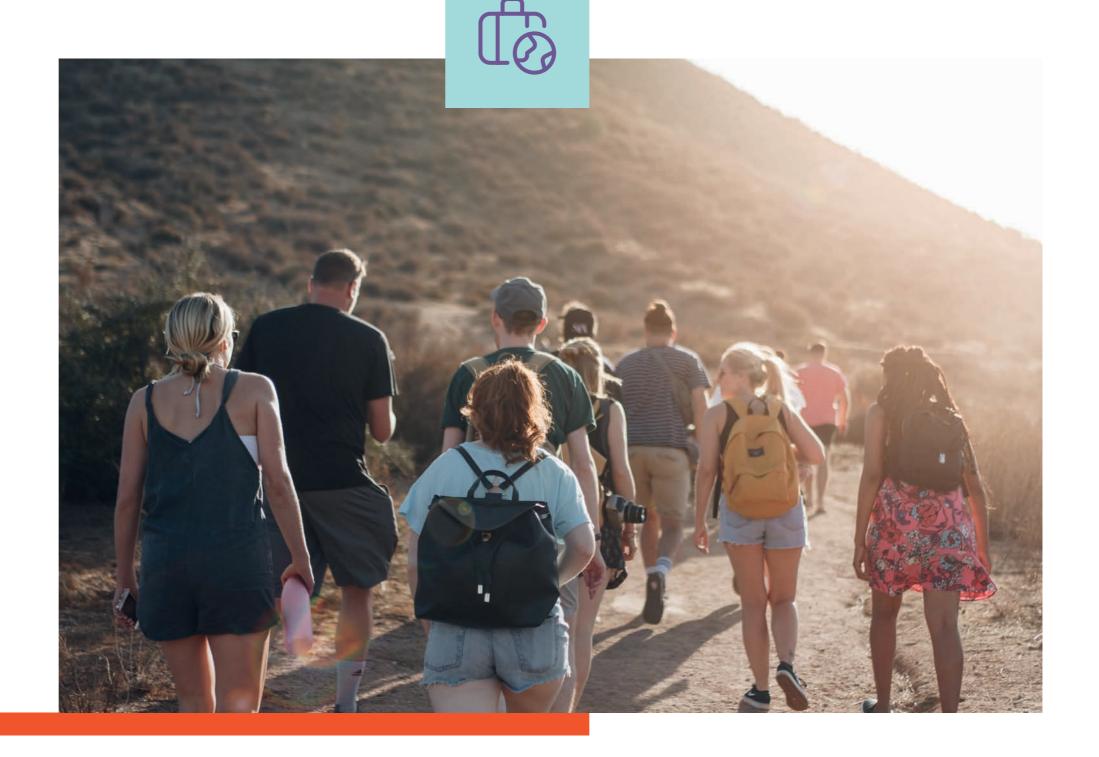

# Care & attention

Parents take a calculated risk when they send their precious kids abroad. It is our absolute duty to look after them and deliver them back, as we found them, but more engaged, happier and satisfied with their time at TIE.

- Staff are checked and trained
- Locations are assessed for their safety
- Excursions and activities are evaluated to make sure they are safe

I made lots of friends of all different ages and participated in all kind of activities.

- Claudia H.B.

# **Getting here and back**

Don't worry, we will collect students when they arrive and check them in when they leave. Airport transfers are included for groups for most airports. Individuals may have to pay a supplement.

## Insurance

Fingers crossed, everything will be just fine...but, on the rare occasion that something does go wrong, our trusted insurance partner will help you and get you on your feet, get you home or replace your possessions, all included in the price\*

\* not included for students who travel within the same country e.g. Italians attending an Italian English Camp

New York

**Boca Raton** 

Find someone who doesn't want to visit New York...difficult, eh? Probably the most complete excursion programme in the industry, and all done in 14 days. Remember to bring comfortable shoes and your phone/camera...you will get to see everything that you want to see, plus one or two things you didn't know about.

Boca Raton, a relatively unknown jewel in South Florida, is less than two hours north of Miami, and around three hours from Mickey Mouse, his friends and all the other theme parks in Orlando.

Locations

From the northern powerhouse city of Manchester, to the serene coastal town of Ramsgate, or the historic capital of England to the current one: London, TIE can offer a variety of attractive locations that will appeal to everyone whether you want a fun day at the beach, a visit to Stonehenge, a trip to the world-famous Old Trafford football stadium or a view of London from 135 metres in the air, TIE can offer all this.

Italy ()

Two very different locations to come and study English in Italy: the seaside resort at Lido di Spina is less than two hours from Venice – a "must-see"!

Or grab a breath of the freshest mountain air, enjoy the superb mountain views and a full day trip to Turin, the home of the Italian motor car industry, with a choice of museums to visit, at the Olympic village in Sestriere – walk in the same steps as winter Olympians.

## **Key facts**

**Course Dates:** 11 July to 08 August 2023

#### Programmes:

Summer School English Digital English (Coding or Film-making)

**Course Duration:** 2 or 4 weeks

Age Range: 9 - 16 years

# **Berkhamsted**

**Berkhamsted School is an independent** school, equipped with modern classrooms, a computer centre, swimming pool, sports hall and tennis courts. In 2016 it was visited by Queen Elizabeth II to celebrate its 475th anniversary.

Berkhamsted is a historic market town in the county of Hertfordshire, only half an hour from London and Heathrow airport and ideally located for Oxford and many other popular destinations.

Manchester

TIE Manchester Summer School is located at the Manchester Metropolitan University, one of the UK's greenest university campuses, right in the heart of the city.

The "Capital of the North" is a modern, energetic, and vibrant city with a rich history in music, science, arts and sport. It offers modern buildings, interesting museums such as the Science and Industry Museum, and exciting attractions such as the Old Trafford Stadium, the world-famous home of Manchester United.
